WHY FLASHCAB CABLES?

THE FLASHCAB ADVANTAGE

Engineered for Excellence.
Trusted for Performance.

Premium Quality

Manufactured using high-grade raw materials.

Advanced Manufacturing

Modern machinery and precision processes.

Rigorous Testing

Multiple quality checks for reliable performance.

Certified Standards

Products comply with industry requirements.

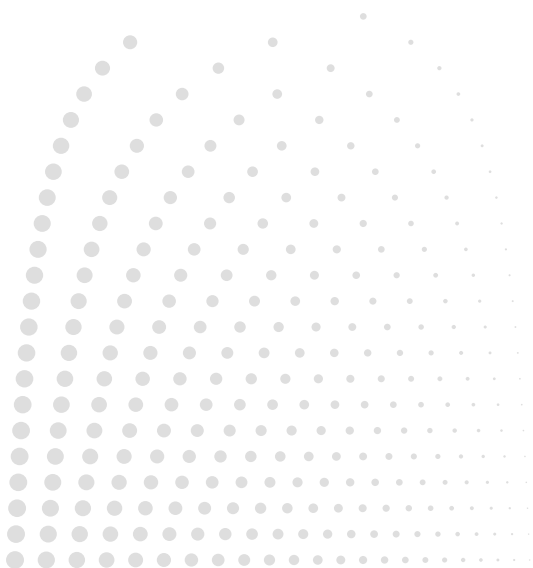

Timely Delivery

Efficient supply chain and distribution network.

Customer Support

Dedicated support and long-term partnerships.

INDUSTRIES WE SERVE

01

Residential & Housing

Home wiring and electrical infrastructure.

02

Commercial Buildings

Offices, malls, hotels and business spaces.

03

Industrial Manufacturing

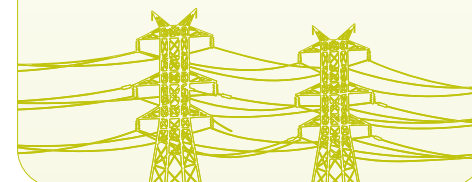

Factories, plants and industrial operations.

04

Power & Utilities

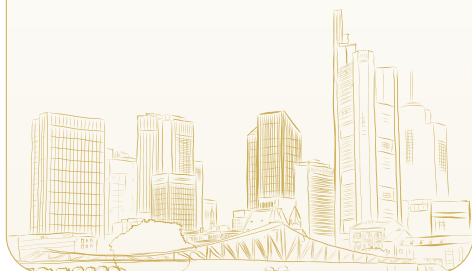

Power distribution and electrical networks.

05

Infrastructure Projects

Roads, bridges, airports and public projects.

06

Renewable Energy

Solar and sustainable energy applications.

07

Agriculture

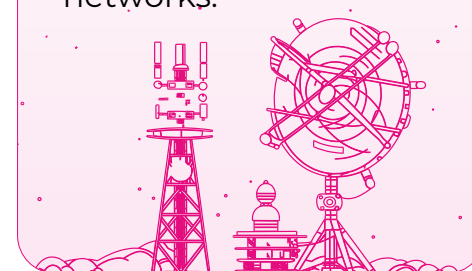

Pumps, irrigation systems and rural electrification.

08

Telecom & Communication

Data transmission and communication networks.

PRODUCT RANGE

**Medium Voltage
Covered
Conductor (MVCC)**

**LT Armoured
Power Cable**

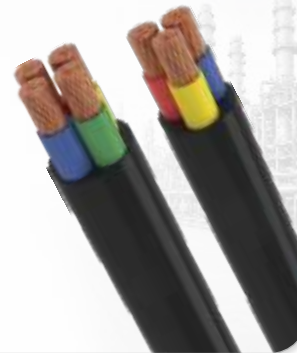

**LT AB
(Aerial Bunch)
1100V Cable**

**Aluminum
Twin and
Round Cable**

**Industrial
Flexible
Cable**

**Building wire
(House wire)**

**Single Core
Wires**

**Earthing
Cables**

**Solar
Cable**

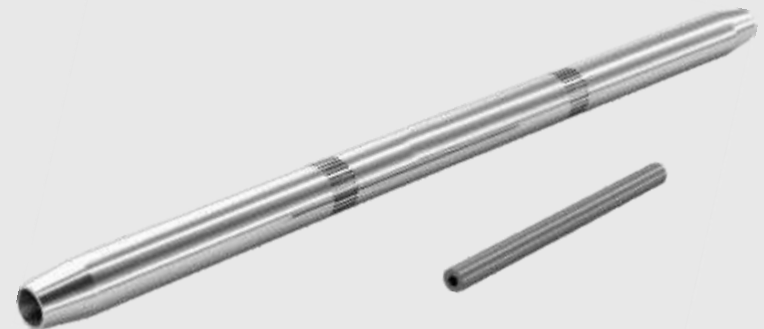

Tension/Dead End Clamp

Insulation Piercing Connectors (IPC)

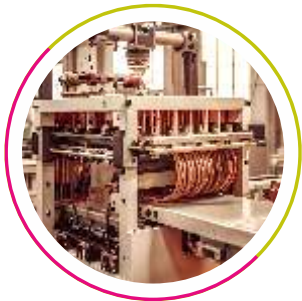

Alignment Tie

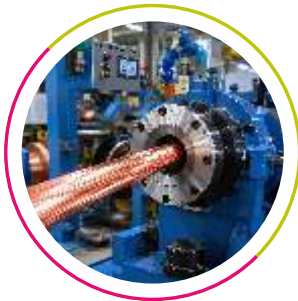

Midspan Joint

MANUFACTURING CAPABILITIES

Raw Material Handling

Carefully selected and prepared.

Conductor Manufacturing

Precision processing for superior conductivity.

Stranding Process

Strength, flexibility and consistency.

Insulation Technology

Reliable insulation for safety and durability.

Extrusion Lines

Uniform extrusion for high efficiency and performance.

Testing Facilities

Tested for performance and reliability.

Quality Systems

Consistent quality at every stage.

Dispatch Operations

Safe packaging and on-time delivery.
